Principal's News

One semester down. . . one to go!

Special thanks to everyone in our community, but especially our teachers and students, for making this past semester a successful one. I want to remind parents and students that attendance is "key" to your success. Know that I remain incredibly thankful for the continual encouragement and positive feedback from our families. Our school is fortunate to serve your student each day! A new semester is a fresh start! This is the time to finish what you started and graduate.

Did You Know?

There are many things that are going on at North Nicholas School that you may not be aware of. This section provides you with a few of those things that make us 'special'.

- We have 2 shifts at school, morning- 7:00 a.m. -12:00 p.m. afternoon- 12:30 p.m.-5:30 p.m.
- Bus passes are given out to students as a form of transportation to and from school.
- Students often recommend our school to their friends and receive something special.
- We assist students in job searches and resume writing.
- EPA 40 CFR 763 Subpart. No asbestos present in our annual campus report.

Graduation

Each year we hold our graduation ceremony from NNHS in May. It is always an exciting time of year, and last year was no exception. We are looking forward to the 2023 Graduation Ceremony for all students that meet the State of Florida requirements within the 2022-2023 school year. Our ceremony is shared with our sister schools, Island Park High School, located in Fort Myers, and Coronado High School, located near downtown Ft. Myers.

Accomplishing this milestone is a very important time in your child's life. We look forward to celebrating with you and your family.

Out of Field

All of North Nicholas High School's teachers are required to be certified through the State of Florida as are all public school teachers.

Teachers can become certified in a variety of areas and many hold multiple certifications. A state requirement is that teachers are allowed to teach in an area they are currently working in while earning an additional certification for that subject, as long as notification is made to all parents. We are hereby notifying parents that the following teachers are currently teaching in an area that they are working on additional certification for. We are proud of our teachers and their willingness to continue their education through university classes, master's degree programs, and staff development Courses.

ESOL - Ms. Karen Pagliaro
ESOL - Mrs. Elmira Sablosky
